

PROTEC CDF 289 - RTU

Ready to Use - Surface Cleaner Containing Bleach

Description

Protec CDF 289 - RTU is more than just a surface cleaner, it contains the power of bleach, adding value that other floor and surface cleaners do not have. **Protec CDF 289 - RTU** relies on a heavy concentration of bleach, thus contact times to clean can be adjusted to fit your facility's needs.

Protec CDF 289 - RTU is a clear, pleasantly scented, all-purpose oil emulsifying liquid cleaner for cleaning tough soils from floor surfaces, walls, machinery, etc. Its emulsifying characteristics provide superior soil removal and pick-up compared to other products in the industry.

Protec CDF 289 - RTU works effectively with mop and bucket to permit effective cleaning in all areas of an industrial plant. It can also be used in a spray bottle for ease of work bench cleaning. It should not be used for glass cleaning.

Features/Benefits

- No VOCs
- Non-Slippery when Dry
- Emulsifies Oil and Dirt
- Low Odor for Operator Acceptance
- Does Not Need to be Diluted with Water
- Rinse with Water After Contact Time has Elapsed.
